Have You Completed Your **Generations** in Your Tree?

We all have ancestors who have passed on to the other side of the veil who are anxiously waiting for their temple ordinances to be performed. All of us can be gatherers of our families on both sides of the veil. As we actively focus on temple and family history work, we will feel the Spirit, and it will strengthen our families and our faith in the Lord Jesus Christ.

- Talk to Your Living Ancestors
- Fill out Four Generations on **Family History: Get Started Now** Pamphlet
- Add Names to familysearch.org/myfamily or lite.fs.org
- Take Your Family Names to the Temple for Ordinances

We invite our membership in Cambodia, India, Indonesia, Mongolia, and Thailand to make a concerted effort to talk to their living family members to learn about their ancestors, complete 4 generations on their family tree, and, where possible, take their own family names to the temple. ■
